

AQUALITY CO2

Efficient and modern cooler for smaller workplaces

Key Features:

- AQUALITY Cooler is a floor-standing cooler which can be POU or Bottled
- Ice-bank cooling system with different capacities, from 20l/h to 28 l/h to guarantee an optional balance of performances and cost effectiveness.
- Ambient & Chilled available
- Ambient Chilled & Sparkling available
- Floor Standing Unit
- The Standard Installation Rail For this machine includes a High capacity Carbon Fibredyne Filter Candle with Siliphos 20,000 litre capacity
- The lack of external taps, the protected dispensing point located well away from the control panel and the integrated cup dispenser guarantee optimal hygiene, thus avoiding bacterial contamination from outside.
- WRAS Approved

Additional Options:

- UVC LED Bacteria Shield providing 24/7 point of dispense protection from bacteria and viruses
