CAFITESSE
MORE THAN GREAT COFFEE

JDE | PROFESSIONAL

BECAUSE EVERYONE DESERVES THE COFFEE THEY LOVE

For over 260 years all Douwe Egberts products have proudly carried a seal of quality, the seal is a guarantee that our products consistently deliver exceptional coffee experiences. The quality it represents is always at the heart of our coffee offer and forms the bedrock of the CAFITESSE coffee system.

The CAFITESSE EXCELLENCE TOUCH quickly and efficiently delivers a full range of coffee shop drinks. Ground breaking touch screen technology enables each drink to be individually tailored in both quantity and strength, simply by moving the interactive puck to precisely match your customers' preferences, making every cup truly personal.

The CAFITESSE EXCELLENCE TOUCH combines high capacity performance (up to 700 cups per hour) with the ability to deliver high street quality coffees, all delivered from a design award winning machine with unrivalled consumer interactivity. Add to that the operational simplicity of maximum hygiene with a simple 6-minute cleaning routine, required just twice a week for optimum ease of use.

The CAFITESSE EXCELLENCE TOUCH truly adds up to more than just great coffee.

Features
